RESEARCH INTERESTS

Engineering leader with deep technical background in Python, CSS, and Adobe XD. 9 years of experience delivering enterprise-scale solutions.

EDUCATION

University of Washington M.Sc. in Electrical Engineering, GPA: 3.08	2016
University of Edinburgh B.Eng. in Software Engineering, GPA: 3.41	2013

PROFESSIONAL EXPERIENCE

Visual Designer Built interactive prototypes using User Research, reducing development cycles by 53% Conducted user research using InVision, gathering insights from 5000+ users Built interactive prototypes using User Research, reducing development cycles by 70% Created brand identity using Figma, applied across 500+ touchpoints	, Figma 2024-08 – Present
UI Designer Created design system using User Research, used across 500+ products Designed accessible interfaces using User Research, achieving WCAG AA compliance	, Block 2022-09 – 2024-05
Design Lead Designed data visualizations using Figma, improving comprehension by 43% Created motion design using Zeplin, increasing engagement by 18%	, OpenAI 2018-10 – 2022-05
UX Designer Created motion design using Hotjar, increasing engagement by 35% Created motion design using Hotjar, increasing engagement by 69% Conducted usability testing using Principle, identifying 500+ UX issues Conducted usability testing using Sketch, identifying 10000+ UX issues	, Anthropic 2016-02 – 2018-06

TECHNICAL PROFICIENCIES

Python, CSS, Adobe XD, Principle, Framer, Storybook, After Effects, Miro, Figma, Firebase, Vercel, Cloudflare, Accessibility (WCAG), Design Systems, User Research, Information Architecture, Prototyping
