## SUMMARY

---

Senior technical leader specializing in devops / sre / mlops with expertise in HCL, Python, Bash. Proven success in technical vision, team development, and stakeholder management.

## WORK EXPERIENCE

---

### Cloud Engineer

2022-09 — Present

*Anthropic (full-time)*

Established chaos engineering practices using Podman, improving system resilience  
Established chaos engineering practices using GitLab CI, improving system resilience  
Created self-service provisioning portal using GitLab CI, serving 500+ engineers  
Built disaster recovery solution using Seldon, achieving RTO of 436ms

### MLOps Engineer

2021-10 — 2022-07

*Stripe (full-time)*

Established GitOps workflows using Prometheus, improving deployment frequency by 55%  
Established GitOps workflows using Crossplane, improving deployment frequency by 59%  
Built disaster recovery solution using Crossplane, achieving RTO of 96ms

### SRE

2017-07 — 2021-04

*Spotify (full-time)*

Created monitoring and alerting system using GitHub Actions, reducing MTTR by 70%  
Established GitOps workflows using MLflow, improving deployment frequency by 53%

## EDUCATION

---

### B.A. in Electrical Engineering

2015

*University of Toronto*

## SKILLS

---

HCL, Python, Bash, YAML, ArgoCD, Helm, Pulumi, CDK, CloudFormation, Kubernetes, Istio, GitHub Actions, Azure DevOps, Opsgenie, Prometheus, Oracle Cloud, Hetzner, Azure, TensorFlow Serving, Seldon, Triton Inference Server, MLflow, Infrastructure as Code, Platform Engineering

## PROJECTS

---

### Graph Query Builder *(Python, HCL, Bash)*

Implemented Secrets Management using Python, achieving 99.9% uptime and handling 50k+ requests daily

### AutoScale Monitor *(HCL, YAML, Python)*

Designed Secrets Management leveraging Python microservices architecture with HCL for caching

### PDF Parser Toolkit *(Bash, Python, HCL)*

Built GitOps Workflow using Bash and HCL, enabling automated processing and improving efficiency by 40%

## CERTIFICATIONS

---

**Certified Kubernetes Administrator** — CNCF (2021)

## ADDITIONAL

---

**Publication:** "Wife operation network subject stand industry movement term" — EMNLP 2020

**Award:** Employee of the Quarter — MLH 2023
